ETRC to hold Business Forum March 2007 in Amsterdam

At its Supervisory Board meeting held in Paris on 28 June, it was agreed that the ETRC would hold a European Industry Business Forum in March 2007.

The newly re-elected ETRC President, Frank O'Connell, commented that: "This would be the first opportunity since intra-EU duty free abolition for the travel retail business in Europe to meet together and address the challenges of an enlarged EU market and converting the rapidly growing EU passenger numbers into customers."

He continued: "We invite all our national association's member companies and all others interested in attending to note the 27th and 28th March 2007 in their diaries."

The location for the Forum will be Amsterdam.
