### **The Promise**

The 2007 Ball will benefit ThePromise a charity set up to provide better care for children with special needs in Russia. Thousands of children in the country are housed in orphanages after being classified as oligophrenic, or "small-brained". Such children are often further classified as "imbeciles" and deemed "uneducable". Many are denied one-to-one interaction and merely left to lie in cots.

After working in the Ryazan home south of Moscow in 2002, the founders of The Promise resolved to improve the care offered to the home's children through the "Portage" teaching technique. With the funds generated by the Raven Fox Ball, the charity hopes to extend the project to other homes in Russia where improvements to childcare are desperately needed.

We hope to make the 2007 Charity Ball the best yet, but we can't do it without your help.
